OK I'll get a car and plan to leave the office around 9am. Anyone want to join me for a chilly field day?

Subject: Rolling Knolls Pore water Sampling

Hello All,

I have received the following from ARCADIS if you are interested in participating in the pore water sampling.

"The field team will begin work on site at 8:00 AM tomorrow. The earliest we will deploy samplers should be approximately 10:00 AM. The light snow forecast for the morning should not impact our schedule. "

Happy New Year!

Tanya
